

## Thank -You Letter

Dear Mr. Jo Thomas,

Thank you for taking the time out of your busy schedule to attend the 2012 Education Forum for Asia Annual Conference in Chengdu City, China. As one of the important activities associated with the Thirteenth Western China International Fair, the Forum's aim was to continue pushing forward the implementation of the Western China Development Strategy, enriching the West by enhancing the influence of high quality education. Sichuan Province's, along with the other western provinces of China, education system modernization and internationalization has taken another step forward thanks to the collaboration and cooperation of all the parties that contributed to this event. It is our deepest hope that this conference and the associated activities have left a positive and lasting impression on you.

The forum invited over 400 delegates from nearly 30 countries and regions from around Asia and the world. The Forum sponsored guests from many diverse areas of expertise, such as Education Ministers, envoys, educational institutions, experts and scholars, international organizations and business groups. Our motives in bringing together such a large group of individuals is to seek out the sustainable development of Western China, and maintain balance among basic education, vocational education, and international exchanges while helping to improve the quality of Asian teachers and delve into some of the management topics of the day that are being widely discussed.

Thank you so much for your speech on session 4. Your unique insights contributed to the broadening of our knowledge and will surely assist us in our goals for regional education development and increased international cooperation. All of our delegates and the local government policy makers have much praise for you.

Due to certain time constraints, the organization of such a large scale event will never be without its omissions and deficiencies; however, we hope you can give us your understanding. We would love to hear any feedback you might have for us, so let us know your thoughts and we will continue to strive each and every year to make this conference stringer and stronger.

Please accept our heartfelt gratitude again for your support to EFA!

Looking forward to your continued support, and may we all work together to build bridges of cooperation for education across Asia!
