**Subject:** RE: Leeds Met staff development workshop queries

**Dear Jane and Adam**

**Thanks for getting in touch following our meeting at the HERDSA conference last year.**

**I would be really pleased if you could find time alongside your other commitments to come and spend some time with us at our Staff development Festival in Leeds in September 2009, to see how we support a whole-staff approach to Staff development and in particular, to offer a workshop to our academic staff on 'Culture Change @ Wintec: Current Issues in Tertiary Education in New Zealand'**

**I very much hope you will be able to join us at our fifth Staff development festival, which this year will take place 8-11th September in our new City centre Buildings**

Best wishes  
Sally
