Work with ideas of perception and memory within my photographic practice.

Naomi Williams – Co-exhibitor. MFA – Elam. Exhibits photography working with ideas of landscape and the metaphorical absence and memory. We will both be in the Survey Hamilton, City Limits exhibition at Waikato Museum in August 2014 with David Cook, Mark Purdom and Tim Velling.

A brief statement about your work

See attached docs.

Project description

Passenger is a collection of iPhonography and Lo-Mo (Diana, Holga etc) images that suggest the glimpse or passing of being in our worlds. Predominantly landscape or the idea of 'from the car', this exhibition will be 30-40 photographs 600x400mm installed in the gallery. It will comprise of a visual journey of sorts, challenging our perceptions of the world around us, what we see, what we catch a passing view of and ultimately what has taken our attention – if only for a moment.

Description/measurements of the works to be exhibited

30-40 photographs 600x400mm (for Stefanie Young) digitally printed on dibond + laminate (PCL Auckland printing) (20+ images Naomi Williams)

Are there any specific requirements for the exhibition? (i.e. plinths, lighting, TV etc.)

No apart from the installation of works on walls which will take a less traditional linear assemblage of works.
