

PROJECT FREESTORE IN WAITAKERE

- Food is vital to us all
- More and more people and families in Waitakere are finding it difficult to access the quality and quantity of food needed
- By doing something about food waste and food distribution, more food can be available to all
- Lets combine food and art to create a pop up temporary grocery store
- An inviting and engaging art space – ‘a foodbank with no strings attached’
- Coming to Waitakere February 2011

What is this?

Would I be interested?
