Zoom Meeting

This event has ended

This event is for DF representatives and any researchers linked to the DF space. Feel free to share the link to possible attendees -<https://wintec.zoom.us/j/88566377187>

This session aims to:

- Introduce the researchers within the Design Factory Timezone community to each other.
- Discuss collaboration opportunities

In an active participatory manner. So turn on the webcam and turn off the distractions and chat with your new researching friends.

[A Miro board](#) will be used during this session
