### **Design-Build-Use. Expansion in the Waikato**

5.30 – 7.30PM, TUESDAY 15 SEPTEMBER

WINTEC ENGINEERING AND TRADES FACILITY, 51 AKORANGA ROAD, ROTOKAURI,  
HAMILTON

Join Waikato Branch and Young Engineers for this one of a kind event where you will have the opportunity to hear from the stakeholders of one of the biggest expansions seen in the Waikato. No engineering discipline will be left out as we hear from the people who wanted the facility, those that designed it, those that built it and those who use it.

A panel of experts will present the work they did to support expansion in the Waikato for the APL Group. You will be treated to a multidisciplinary feast of engineering presentations including architects, construction, structural and Geo, electrical, and the client as manufacturing experts.

The evening will end with a question and answer session where we discuss the journey.

Refreshments and networking opportunities will be provided throughout the evening.
